The Best Butter Is None Too Good

The best butter is none too good. The quality of butter is a serious matter and one which may not be trifled with. Good butter is a thing of joy and an endless delight. Bad or even indifferent butter is an insult to the palate and in some cases injurious to health. CRYSTAL SPRINGS BUTTER is as good as can be made. It has been Honolulu's favorite butter for many years and is today more popular than ever.

SAN FRANCISCO AGENTS.

Whether the S. S. Mongolia will be dispatched on time from San Francisco on April 26 for Honolulu and the Orient is uncertain. The officers of the America Maru report that there was shortage of "float" coal as the coal usually used by the liners is termed. There may be therefore difficulty in giving her coal at San Francisco. Everything in this respect is conjectured, however, as is the probable departure of the S. S. Sonoma. But it is highly probable that the Sonoma did not get away on time last Thursday, as the fire broke out the day before.

Newsboys Angry at Advertiser

YOUNGSTERS DEPRIVED OF A FEW NICKELS BY CHEAP NEWS-PAPER SCHEME.

A crowd of little newsboys on Fort street this morning angrily sought for copies of the Advertiser "free specials" and tore them into shreds. The youngsters had expected to make a few cents selling legitimate extra newspapers; hence their indignation at the free distribution of a lot of "fly leaf publications."

The "free special" business began yesterday at about noon, when the morning paper gathered together all the news which Star and other extras up to that time contained, and printed it on a piece of paper as a circular. For the rest of the day it issued these at intervals, containing such news as was posted on the window of the cable office. The Star continued the issuance of extras at such times as news warranting it was obtained.

This morning at about 8 o'clock an Advertiser man appeared at the corner of Fort and King, with a handful of the free circulars. He was surrounded by a howling crowd of newsboys, and whenever any of them could get hold of a copy they tore it to shreds.

The street sale of the regular Advertiser yesterday morning was completely stopped soon after 7 o'clock, as on the day before, by the early issuance of extras of evening papers, hence, apparently, came the sudden decision to flood the town with free circulars. The latter were gladly received and read by a large number of people who felt the strain of paying five cents for real newspapers.

There is no money in the issuance of fast following extras by any local newspaper, except for the newsboys. The expenses of printing them very frequently overtop the receipts. It is, however, a matter of newspaper enterprise, and the lads who rush to and fro with the papers always make their profits.

There are reports of a newsboys' boycott of the Advertiser as a result of its unusual action. The free extras, however, are doing considerable service and are eagerly read, and the cost of printing them is practically nothing.

PROMOTION COMMITTEE

The Promotion Committee met at 1:15 p. m. and passed a resolution respectfully suggesting that out of the moneys received as much as possible be forwarded at once. The secretary was instructed to take charge of the relief bureau into which the Committee resolved itself and further instructed him to receive and forward remittances for friends. A motion was passed that the secretary do everything to assist Governor in relief work.

The Promotion Committee will meet at 9 o'clock every morning while the trouble is on.

CABLE OPENING.

The cable office announced soon after two o'clock this afternoon that it was ready to send messages to San Francisco. An Associated Press message from here was the first to be filed upon the announcement. After that, came many private messages of inquiry.

KINAU ARRIVED THIS MORNING. The steamer Kinau arrived this morning from Hilo and way ports with a good sized crowd of passengers. The news of the San Francisco disaster was heard at Laupahoehoe last Wednesday afternoon. The message was sent by wireless to Hawaii from Honolulu.

Arthur W. Cornwall is a retired coal dealer of San Francisco. He and his wife are aboard the S. S. America Maru for a vacation in the Orient. He owned apartment houses at the corner of Polk and Post streets. The houses were in all likelihood destroyed by the fire.

There were a number of people on the America Maru who desired to stop over at this port, but hearing of the disaster and the probability that there would be a delay in the next Oriental bound steamer leaving San Francisco, they decided not to stop at Honolulu.

An urgent emergency meeting of the Research Club is called by the executive committee to meet in the Y. M. C. A. building this evening at 7:30 o'clock. All members and friends of the club and general public are expected to attend. Only newspaper notices of the meeting will be given.
